A wave of emotion

Gary St. Peter, top, of Angel Planes, hands Aravind Ram, 8, a plane and a 'Red Bearin' teddy bear after his arrival yesterday at Logan Airport in Boston on a flight from India. With Aravind is Srini, far left, and Suzanne Venkataraman, of North Smithfield, his aunt and uncle and now adoptive parents. Aravind lost both his parents and an older brother in the tsunami that struck Sri Lanka last December. Angel Planes covered the cost of the many flights to India and the United States that finally resulted in Aravind's arrival to his new country.
